Footnotes:

1. I was driving back to my office and felt so compelled to go have coffee at the Starbucks at 51st and Harvard. I had no idea at the time that He would speak to me about changing coffeeshops.
2. A few months ago I felt God tell me several times to purchase a new laptop. I did so. About 4pm on the afternoon of April 15 I stopped by my office for just about a half hour, parking in front of my office building. When I returned to my car the window was bashed in and my satchel with my new laptop was gone.
3. This addresses the issue of standards and requirements that are involved in the Certificate in Leadership Development Program of the University of The New Covenant. It has been a real issue with me as to whether the curriculum is too difficult and demanding. His statements herein settle that.
4. John 13:35 By this all men will know that you are my disciples, if you love one another."
5. Eph 3:14-15 For this cause I bow my knees unto the Father…Of whom the whole family in heaven and earth is named.
